

Blackburn Clinic
195 Whitehorse Rd
Blackburn Vic 3130
Ph: 03 9875 1123

How to book for your COVID vaccine using the Blackburn Clinic online booking system:

BOOKINGS CAN ONLY BE MADE ONLINE FOR PATIENTS WHO ARE ELIGIBLE FOR PFIZER.

If you had your first Covid vaccine elsewhere, please phone us to book your second dose (don't book online) as the appointment requirements will be different.

New patients (and patients who have not attended the clinic in recent years) will need to phone us to book.

- Click on the Online booking button and enter your Medicare number and date of birth and click "log in".
- Use the **calendar icon** to select a date on **SATURDAY OR SUNDAY**.
WE ARE ONLY RUNNING COVID VACCINE CLINICS ON WEEKENDS.
- Select any appointment with **"Pfizer Vaccine"**.

If no appointments are showing on the window, then that date may be fully booked. Keep selecting other Saturday or Sunday dates (eg. the following weekend) until appointments show on the screen.

- Ignore the gender of the COVID Vaccinator as this cannot be guaranteed. **You cannot book to have a COVID vaccine with your normal GP.** We have a team of qualified immunisers who are trained specifically to administer COVID vaccines.
- Press "Select & Continue"
- Tick that you agree to the Terms & Conditions (tick box is just below the wording in Red). Fill in your email address if you'd like to receive a confirmation of your booking.
- Click on the "Yes, Book this Appointment" blue button at the top left hand side of the screen.
- Appointments made online for individual GPs will be normal face to face appointments **for other matters**. If you are having difficulties with booking online, then you may like to firstly ask for assistance from a family member. Our reception team can arrange help if you are still requiring some assistance.
- The log out function is in the Menu options at top left of screen (look for 3 horizontal lines).
